

AWR DEEP IMPACT RED

*“Problems,
solutions,
And you”*

**25th-28th
MARCH 2027**

**THE WESTIN
MUMBAI
POWAI**

WELCOME MESSAGE

Welcome to **Deep Impact: Red** - *Problems, Solutions, and You*

Get ready for the next big moment in Hernia Surgery. Deep Impact : Red is not just a conference—it's a powerhouse of ideas, innovation, and interaction designed for surgeons who want to stay ahead of the curve.

Built around our theme “**Problems, Solutions, and You**,” this meeting brings together global experts, master surgeons, and rising leaders to decode the toughest challenges in abdominal wall reconstruction and hernia surgery. From cutting-edge techniques and live demonstrations to high-yield panel discussions and real-case problem solving, every session is curated to deliver practical, impactful takeaways that you can apply immediately in your practice. Whether you're looking to sharpen your skills, find solutions to your most complex cases, or connect with a vibrant community of like-minded surgeons, Deep Impact: Red is the place to be.

Join us where challenges meet answers, innovations take center stage, and you define the future of hernia care.

Ramesh Punjani
Patron

WELCOME MESSAGE

Dear friends,

Every two years, we bring you and the world of hernia surgery together.

The ardour of organising each event excites, exhausts and elevates us in equal measure. We simply couldn't do it more frequently! And why would we? Each Deep Impact meeting leaves us with memories and lessons that go well beyond calendars to sustain us for a lifetime.

I truly believe Red will affect you as well, wherever you may come from and whoever you may become.

Red will be incredible. Because it deals with universal hernia problems, AWR solutions and, above all, you.

Ramana Balasubramaniam
Founder President and Scientific Chair

WELCOME MESSAGE

Dear Friends,

Deep Impact RED 2027, the landmark conference of AWR Surgeons Community is here with a unique theme, a different venue and a dynamic team: to educate, inspire, and take us to another level of surgical excellence.

We believe that a conference is not just a responsibility, but a trust bestowed on us to create a life-changing experience where every person is able to receive knowledge, insights, inspiration, wisdom and much more, in a friendly, warm environment.

An occasion to meet in person the innovators of surgical procedures, world leaders of AWR and hernia surgery, International and National faculty, is going to enrich our lives like never before. The courses are being designed to help us take on surgical challenges. The live surgeries are going to expand our vision, and every session, talk and keynote is designed with a lot of thought behind it.

The presentations and abstracts submitted are planned to be very different: Just the named sessions are designed to inspire you to dive into your own surgeries, cases or unique techniques that you may have encountered in your practice, that deserve to be presented to the world: every submission is going to be reviewed by experts and marked for selection and your submission can be selected for a podium presentation. Even if not selected, every abstract session will have national and International faculty as chairpersons or Judges, and prizes, awards or certificates to look forward to.

Our team under the leadership of President Sharad Sharma, and team led by Ramesh Punjani, Rahul Mahadar, Vishakha Kalikar, Deepak Subramanian, Rajesh Shrivastava, Jignesh Gandhi, Vivek Bindal and our EC members, and so many of our young leaders, is working beyond their human capacity.

The inspiration, and the brain behind the out-of-this-world scientific content, Ramana Balasubramaniam is again, creating the program, and that is going to be world class at the least!

I exhort you to join us, take up this flag of AWRSC, enroll your colleagues, and be the torch bearer of the new world of AWR...

Pramod Shinde
Co Chair: Scientific Committee

WELCOME MESSAGE

Dear Colleagues and Friends,

On behalf of the AWRSC, it is my privilege to welcome you to Mumbai for **AWR Deep Impact Red 2027**.

This meeting was built on a simple belief: complications are inevitable, but suffering is optional. Our mission in Mumbai is to learn how to reduce both.

AWR Deep Impact Red is designed for surgeons of all ages and all levels of skill. Whether you are a resident seeing your first hernia case, a community surgeon looking to sharpen technique, or a high-volume expert chasing the next refinement, you will find a place here. The program pairs masterclass dissections, live operative panels, and hands-on labs with honest conversations about failure, judgment, and recovery.

Mumbai's energy mirrors our theme — deep, bold, and practical. Come ready to learn, to question, and to share. Bring your hardest cases, your best ideas, and your willingness to collaborate across borders and generations.

Let us meet, teach, and learn together to operate better. Let's leave with skills that benefit our patients and elevate our specialty.

We look forward to welcoming you to Mumbai.

PRE CONFERENCE COURSE DETAILS

Date: 25th March 2027

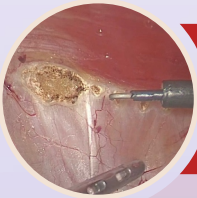

FOUNDATIONS 3.0

Know the basics like an expert

Course Directors: Hugh McGregor, Naveen Alexander, Brian Jacob

- Abdominal wall anatomy.
- Hernia principles and mesh basics.
- Case-based discussions.
- Live surgeries with expert commentary.

LAP EX - 360°

Own the extraperitoneal space

Course Directors: Jorge Daes, Rahul Mahadar, Rajesh Shrivastava, David Chen

- eTEP, eTEP-RS, TARM and Ventral TAPP, PeTEP , Carolinas Crossover
- Tips, tricks and troubleshooting.
- Difficult case discussions.
- Live laparoscopic surgeries.

THE OPEN MIND

Think and reconstruct with expert insight

Course Directors: Yuri Novitsky, Ramesh Punjani, Vedra Augenstein, Kellee Slater

- Component separation techniques.
- Fascial reconstruction.
- Mesh placement strategies.
- Live open reconstructive surgeries.

PRE CONFERENCE COURSE DETAILS

Date: 25th March 2027

ROBOTIC AWR

Make precision your personality

Course Directors: Conrad Ballecer, Vivek Bindal, Manoj Jain, Filip Muysoms

- Robotic TAPP and TAR
- Robotic ventral reconstruction
- Docking and ergonomics
- Live robotic surgeries

THE BODY LAB (Cadaveric Course)

Where anatomy meets SurgInt

Course Directors: Jignesh Gandhi, Yohann Renard, Todd Heniford

- Cadaveric anatomy.
- Hands-on dissections.
- Open, laparoscopic and robotic techniques.
- Faculty-guided practical training.

AI and AWR

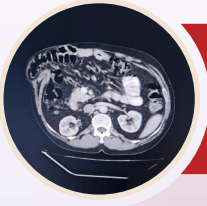

You, the Beta Surgeon

Course Directors: Ashvind Bawa, Vinayak Mishra, Prakash Gatta

- AI for clinical practice.
- AI for research and education.
- Productivity tools.
- Live AI demonstrations.

PRE CONFERENCE COURSE DETAILS

Date: 25th March 2027

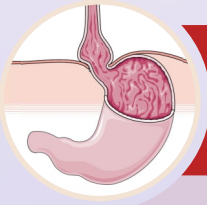

X-RAD (Radiology Course)

Be the CT Hawkeye!

Course Directors: Eric Pauli, Ankit Mishra

- CT interpretation.
- Pre-operative planning.
- Imaging pearls.
- Interactive case discussions.

THE HIATUS HACKER

Decode the hiatus, basics to boss level

Course Directors: Roy Patankar, Charu Paranjape, Ankit Patel

- Hiatus hernia evaluation.
- Crural repair and fundoplication.
- Complex and recurrent cases.
- Live laparoscopic and robotic surgeries

POST CONFERENCE COURSE DETAILS

Date: 28th March 2027

DIASTASIS

Course Directors: Rodrigo Galhego, David Ross

- Evaluation and patient selection.
- Open, laparoscopic and robotic repair.
- Functional reconstruction.
- Live surgeries.

CONFERENCE HIGHLIGHTS

09

PRE & POST CONFERENCE COURSES

50+

**LIVE SURGERIES FROM NATIONAL &
INTERNATIONAL CENTRES**

100+

INTERNATIONAL FACULTY

250+

NATIONAL FACULTY

100+

INDUSTRY PARTNERS

PROGRAMME OVERVIEW

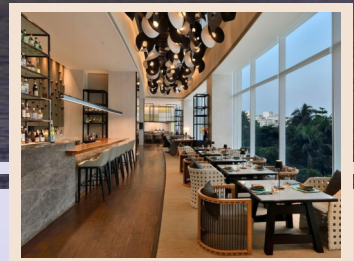

March 25th : 4pm -10pm - Live surgeries from International centres.

March 26th : 5 Halls of didactic lectures.

March 27th : 5 Halls of didactic lectures.

March 28th : Live surgeries by renowned national and international faculty.

ACCOMMODATION

The Westin Mumbai Powai

2 & 3B, Near Chinmayanand Ashram, Kailash Nagar, Mayur Nagar, Morarji Nagar, Powai, Mumbai, Maharashtra 400087

ABSTRACT SUBMISSION

**SHOWCASE YOUR WORK ON A GLOBAL STAGE
WITH THE WORLD'S BEST!**

**E-POSTER
PRESENTATION**

**FREE PAPER
PRESENTATION**

**VIDEO
PRESENTATION**

The best abstracts will be selected for presentation in the main sessions.
You can choose to submit for the appropriate named session as below :

- AWR Oscar Videos
- Just One Thing
- RED Disasters
- Something New
- Mes(h)sy Affairs
- AB Wall Tribers
- HERNia
- Anatomy Illuminated
